Hogan Certification Workshop 2-Day

This course will teach you about Hogan Assessments and how to interpret the results of individual personality assessments.

The content of the course includes research methods, the theoretical framework and scientific basis, inter-relationships within and across three core personality assessment scales (HPI, HDS, and MVPI), practical applications of Hogan Assessments, and case studies.

Hogan Advanced Feedback Workshop 1-Day

Designed for practitioners who want to practice delivering effective Hogan feedback.

This course teaches the techniques needed to troubleshoot common issues and structure feedback sessions based on job context.

Hogan Advanced Interpretation Workshop 1-Day

Designed for practitioners who hope to gain deeper interpretive insights from Hogan Assessments data.

This course teaches how to use subscales more skillfully in order to nuance the main scale interpretations, as well as how to use advanced interpretation techniques involving participant's' personal data and 360-degree survey results.

* To attend an Advanced Certification Workshop, the attendee must have completed the level 1 Hogan Certification.
** The Hogan Advanced Certification Workshop currently only offers learning materials in English.

What Our Clients say

Human Resources Director for Asia Pacific
U.S.-based manufacturing enterprise

"The pre-workshop learning modules and the one-on-one Hogan Development Feedback facilitated by MGP's consultant were intended to provoke thought and encourage me to bring questions to the workshop. The participants were very engaging, and the workshop content consisted of both theoretical and practical components. This inspired participants' passion for learning, and motivated them to join the discussions."

"The Hogan Certification Workshop conducted by MGP was one of the very few courses that really exceeded expectation."
